

This is the accommodation for the teams at the Nazarene Mission House in Frome, Jamaica. The Mission House is on the same property and adjacent to the building site. No time is lost traveling to and from the work site. A small daily charge per team member covers utilities, cleaning, and upkeep of the facility. There are 7 large bedrooms each having a private bathroom. The Mission House can easily accommodate teams of thirty or more.

Great need continues in the Caribbean region. The development of a multi-discipline Health Clinic, and Basic School will provide medical treatment, education, and training to a population in need. An excellent location for the 'Gamertsfelder Mission Centre' has been acquired in Frome, Jamaica which will serve the people of Jamaica as well as the entire Caribbean region.

"Building God's Kingdom Through Personal Involvement"

Dr. Paul Gamertsfelder started Men in Missions in 1974. Men In Missions was changed to Work & Witness in 1984, and has been the catalyst for more than 150,000 Nazarenes having hands on experiences on mission fields throughout the world. This building is being named for this very special servant and his life's work in the field of optometry will be carried on inside its walls.
To God be the glory!

So built we the wall; for the people had a mind to work. Nehemiah 4:6
